RISK MANAGEMENT POLICY

CEIL is committed to effective Management of Risks across the Organization by aligning its Risk Management Strategy to its business objectives through instituting a Risk Management Structure for timely identification, Assessment, mitigations, monitoring and reporting of risk.

Risk Management at CEIL is the responsibility of every employee both individually as well as collectively.

CHAIRMAN'S STATEMENT

Dear Shareholders,

It gives me great pleasure to review the performance of your company for the Financial Year 2019-20 and share opportunities ahead of us in high growth areas, its business plans and future outlook. While this was a year of extreme economic challenges for the world, a situation aggravated by the unprecedented Covid-19 pandemic, your company during the year continued to play on its strengths and posted a stable financial performance.

Your Company has completed 25 years of its journey, since its inception in 1994 and has maintained its niche position as one of the leading indigenous agency operating in critical domain of certification and recertification of offshore structures. Company has emerged as one of the most preferred and professionally competitive Third Party Inspection (TPI) agency for providing Inspection services of high end critical equipment in quality sensitive hydrocarbon projects. CEIL continues to provide quality services in the Infrastructure projects as well.

While consolidating its position in core hydrocarbon segment, your company, is also on track to diversify its business operations in high growth sectors of Infrastructure, Railways, Ports, Airport and Defence.

Your company is committed to total customer satisfaction by providing cost effective, high quality services confirming to International standards.

I am happy to share that your company's Quality Management Systems are ISO 9001:2015 certified and your company continues to be "Type A" accredited inspection body in India in accordance with ISO17020 for various inspection Services.

Your Company is approved by PNGRB and continues to take up ERDMP /Safety audits of Oil and Gas midstream, downstream installations and Integrity Management System Audits of gas pipelines.

On the financial front during 2019-20, Your Company has registered a turnover of 49.21 Crores. In a highly competitive business scenario, your company has been able to earn profit after tax (PAT) of 10.08 Crores, an increase of 7.73 % over the last financial year.

Your company was able to secure business worth 61.03 Crores during the year. With this, the total unexecuted order book as on March 31, 2020 stood at around 43.06 Crores.

Your Company is continuously re-visiting its processes, systems and procedures for providing high quality services to its clients. My appreciation goes to highly dedicated, motivated and professional manpower for maintaining quality and timely performance of services.

The Covid-19 outbreak was declared a pandemic by World Health Organization in the last quarter of the financial year, causing a social and economic turbulence. We have taken actions to ensure safety, health and well-being of all the members of CEIL family.

I would like to share that your Company's performance on various financial and non-financial parameters under Memorandum of Understanding (MoU) with its parent organization, EIL for the year 2018-19 was rated "Good".

Your company is focused on undertaking CSR initiatives for the benefit of underprivileged sections of the society. As part of these CSR initiatives, your Company is committed to continuous evaluation of proposals and subsequent implementation in focus areas as per the approved policy.

The Covid-19 pandemic may have a business impact, but as I mentioned earlier, this means opportunities as well as challenges. The Board, through its engagement with all the stakeholders, will guide the Company in recalibrating its growth strategy to address these challenges and to make use of the new opportunities.

Before I conclude, my heartfelt thanks and appreciation goes to all the clients and stake holders of CEIL. I also express my sincere gratitude for the guidance and support provided by the various Ministries of the Government of India in our business endeavors.

I am also thankful to EIL, the holding Company for their all round support and look forward for their continued support and guidance in future as well.

I thank all employees of CEIL for their dedication, commitment and continuous efforts to sustain the growth of the Company.

I wish you and your families prosperity and good health.

**MANAGEMENT'S REPLY TO AUDITOR'S REPORT
ON CORPORATE GOVERNANCE (2019-20)**

AUDITOR'S COMMENT	MANAGEMENT'S REPLY
Composition of Board w.r.t. number of Full-time Functional Directors does not exist.	Being a wholly owned subsidiary of Engineers India Limited (EIL) and given the nature and scale of operations and in line with Articles of Association of the Company, requirement of full time Functional Director was not envisaged at the time of formation of the Company and the present scenario is status quo.
Company did not have two Independent Directors upto 30.10.2019 as required by the Companies Act, 2013 in its Board since 20th November, 2018 and also as per section 177 of the Companies Act, 2013, there should be minimum two Independent Directors in the Audit Committee.	CEIL is a Public Sector Undertaking and appointment of Independent Directors are made by the Government of India. However, presently there are 2 Independent Directors on the Board of CEIL.

INDEPENDENT AUDITORS' REPORT

TO
THE MEMBERS OF
**CERTIFICATION ENGINEERS INTERNATIONAL
LIMITED**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone accompanying financial statements of **Certification Engineers International Limited** which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss(Including other comprehensive income), the Cash Flow Statement for the year, the statement of Changes in Equity for the year ended on 31st March,2020 and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements, give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the company as at 31st March 2020, and profit(including other comprehensive income), its cash flow and the changes in equity for the year ended on that date.

Basis for Opinion

We have conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report .We are Independent of the Company in accordance with the Code Of Ethics issued by the Institute of Chartered accountants of India (ICAI) together with the ethical requirement that are relevant to our audit of the Financial statements under the provisions of the Companies Act , 2013 and the rules there under ,and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics .We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rules issued thereunder.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements ,management is responsible for assessing the Company's ability to continue as a going concern ,disclosing ,as applicable ,matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease Operations ,or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also;

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of Internal Financial Controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report on other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the order"), issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- As required by Section 143(5) of the Act, we have considered the directions and sub-directions issued by the Comptroller and Auditor General of India. We give our report in the attached **Annexure "A-1"**.

3. As required by section 143(3) of the Act ,based on our audit we report that :

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the Directors are disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure- B"**.
- With respect to other matters to be included in Auditors Report in accordance with Rule 11 of Companies (Audit and Auditors) 2014, as amended in our opinion and to best of our information and explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note No. 36.
 - The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE-B to the Auditor's Report

**REPORT ON THE INTERNAL FINANCIAL CONTROLS
UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF
THE COMPANIES ACT, 2013 ("THE ACT")**

We have audited the internal financial controls over financial reporting of Certification Engineers International Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the standalone Ind AS financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Control

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Control and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED

31st MARCH 2020

1. NATURE OF PRINCIPAL ACTIVITIES

Certification Engineers International Limited (referred to as "CEIL" or "the Company") is a Government of India Enterprise a wholly owned subsidiary Company of Engineers India Limited. The Company undertakes certification, recertification, third party inspection, safety audits for offshore and onshore oil and gas facilities and other quality sensitive sectors of the industry. The Company is domiciled in India has its registered office situated at 1 Bhikaji Cama, New Delhi 110066.

2. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE

The financial statements of the Company have been prepared in accordance with the Companies (Indian Accounting Standards) Rules 2015 ('Ind AS') issued by Ministry of Corporate Affairs ('MCA'). The Group has uniformly applied the accounting policies during the period presented.

The financial statements for the year ended 31 March 2020 were authorized and approved for issue by the Board of Directors on 19th June 2020.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. ACCOUNTING CONCEPTS

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below. The accounts are prepared on historical cost concept based on accrual method of accounting as a going concern.

B. REVENUE RECOGNITION

Revenue Recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method and accordingly comparatives for the previous periods is not retrospectively adjusted. The effect of adoption of Ind AS 115 Revenue from contract with customers on the accounts of the Company for the year ended 31 March 2019 is insignificant.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those services. The services performed by the company fall into the criteria of the transfer of control over a period of time and as such company satisfies the performance obligation and revenue over a period of time.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable considerations, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Arrangements with customers are either on a cost plus/ rate basis jobs, lump sum contracts and percentage fee contracts.

Revenue from services is accounted as follows:

- In the case of cost plus/rate basis jobs, on the basis of amount billable under the contracts
- In the case of lump-sum contracts, as proportion of actual direct costs of the work performed to latest estimated total direct cost of the work performed i.e. percentage completion method.
- In case of contracts providing for a percentage fees on equipment/material value/project cost, on the basis of physical progress ascertified up to the closing date of accounting year

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Other claims including interest on outstanding are accounted for when there is probability of ultimate collection.

Work-in-progress

a) Cost of jobs are carried forward as Work-in-Progress for which:

- The terms of remuneration receivable by the company have not been settled and/or scope of work has not been clearly defined and therefore, it is not possible in the absence of settled terms to determine whether there is a profit/(loss) on such jobs. However, in cases where minimum undisputed terms have been agreed to by the clients, income has been accounted for on the basis of such undisputed terms though the final terms are still to be settled.
- The terms have been agreed to at lump sum basis but the physical progress is less than 25% of the job.

b) Work-in-Progress is valued at direct cost

C. INTANGIBLE ASSETS

Recognition

Intangible assets (softwares) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (amortisation)

The cost of capitalized software is amortized over a period of three years from the date of its acquisition.

D. PROPERTY, PLANT AND EQUIPMENT

Recognition

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. The cost of any software purchased initially along with the computer hardware is being capitalized along with the cost of the hardware. Any subsequent acquisition/up-gradation of software is being capitalized as an intangible asset.

Whenever any new office space is acquired and partitions/fixtures and fittings are provided to make it suitable for use, the expenditure on the same is capitalized and depreciation is charged.

Whenever significant parts of the property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in statement of profit and loss as incurred.

Subsequent measurement (depreciation)

Depreciation on property, plant and equipment is charged on straight line method either on the basis of rates arrived at with reference to the useful life of the assets evaluated by the Committee consisting of Technical experts and approved by the Management or rates arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013, whichever is higher.

Premium paid on leasehold property where lease agreements have been executed for specified period are written off over the period of lease proportionately. 100% depreciation is provided on library books in the year of purchase.

Property, plant and equipment individually costing less than INR 5,000 are fully depreciated in the year of acquisition.

The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss when the asset is derecognised.

E. FOREIGN CURRENCY

Functional and presentation currency

The financial statements are presented in INR, which is also the functional currency of the Company.

Foreign currency transactions and balances

Initial recognition

Foreign currency transactions are accounted for at average monthly rates based on market rates for preceding month.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences

Exchange differences arising on the settlement of monetary items, or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

F. IMPAIRMENT OF NON-FINANCIAL ASSETS

Impairment of cash generating assets are reviewed for impairment whenever an event or changes in circumstances indicate that carrying amount of such assets may not be recoverable. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of assets. If it is found that some of the impairment losses already recognized needs to be reversed the same are recognized in the statement of Profit & Loss Account in the year of reversal.

G. FINANCIAL INSTRUMENTS

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

Subsequent measurement

- i. **Debt instruments at amortised cost**—A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. **Mutual funds** – All mutual funds in scope of 'IndAS 109 Financial Instruments' ('Ind AS 109') are measured at fair value through profit and loss (FVTPL).

De-recognition of financial assets

A financial asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortized cost using the effective interest method. This category generally applies to long-term payables and deposits.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

H. IMPAIRMENT OF FINANCIAL ASSETS

In accordance with IndAS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

As a practical expedient the Company has adopted 'simplified approach' using the provision matrix method for recognition of expected loss on trade receivables. The provision matrix is based on historical default rates observed over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical default rates are updated and changes in the forward-looking estimates are analysed. Further receivables are segmented for this analysis where the credit risk characteristics of the receivable are similar.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

I. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

The provision for estimated liabilities on account of guarantees and warranties etc. in respect of lump sum services and turnkey contracts awarded to the Company are being made on the basis of management's assessment of risk and consequential probable liabilities on each such jobs.

Provisions are discounted to their present values, where the time value of money is material.

Contingent liabilities are disclosed by way of note unless the possibility of outflow is remote. Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

J. INVENTORIES

Inventories in respect of stores, spares and chemicals etc. are valued at lower of cost and net realizable value

Cost includes the cost of purchase (discounted to their present values, if the time value of money is material) and other cost incurred in bringing the inventories to their present location and condition. Cost is determined on "First In, First Out" basis

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale

K. INCOME TAXES

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted for the reporting period. Current income tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

L. CASH AND CASH EQUIVALENTS

Cash comprises cash on hand and demand deposits i.e. balances held with banks in current accounts for unrestricted use. Cash equivalents are short term, highly liquid investments that are readily convertible into known amount of cash and which are subject to an insignificant risk of changes in value. The Company considers unrestricted time deposits with banks having an original maturity of three months or less as cash equivalent.

M. POST-EMPLOYMENT BENEFITS AND SHORT-TERM EMPLOYEE BENEFITS

Defined benefit plans

Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. Plan assets may include assets specifically designated to a long-term benefit fund as well as qualifying insurance policies. Defined benefit plans include gratuity, post-retirement medical benefit and other retirement benefit plans.

The liability recognised in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets.

Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

Other long-term benefits

The liabilities for leave (earned and sick) are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The liability is recognised in the statement of financial position basis the present value of expected future payments to be made in respect of services provided by employees upto the end of reporting period (using the projected unit credit method) less the fair value of plan assets.

Liability in respect of long-service awards is recognised in the statement of financial position basis the present value of expected future payments to be made in respect of services provided by employees upto the end of reporting period (using the projected unit credit method).

Short-term employee benefits

Short term benefits comprise of employee costs such as salaries, bonus etc. are accrued in the year in which the associated service are rendered by employees.

Defined contribution plans

Contributions with respect to provident fund & National Pension System (NPS), defined contribution plans, are deposited to Regional Provident Fund Commissioner & Stock Holding Corporation India Ltd (POP). The Company's contributions to these plans are recognised as expense in Statement of Profit and Loss.

Other benefits

Voluntary retirement expenses are charged to statement of profit and loss in the year of its incurrence.

N. LEASES

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonable certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset except for perpetual lease. Right of use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

Company as a lessor

Operating lease

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Assets leased out under operating leases are capitalized.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sub lease separately. The sublease is classified as a finance lease or operating lease by reference to the right of use asset arising from the head lease.

Rental income is recognized on straight line basis over the lease term except where scheduled increase in rent compensates the Company with expected inflationary costs.

Adoption of IND AS 116

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and recognise lease liability as the present value of the remaining lease payments, discounted at the borrowing rate and the right of use asset at amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended March 31, 2019.

On adoption, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease by lease basis. The Company has also used the practical expedient provided by the standard on initial application.

The effect of this adoption is insignificant on the profit before tax, profit for the period and earnings per share.

The Company has lease that was classified as property, plant & equipment for office building on long-term lease for the period of 60 years. This was classified as leasehold property and is being depreciated over the tenure of the lease. An amount of ₹186.58 Lakhs has been reclassified from property, plant and equipment to right-of-use assets.

O. RECENT ACCOUNTING PRONOUNCEMENT

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

P. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Q. SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

Significant management judgements

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Revenue – For Lump-sum Contracts the Company recognises revenue using the percentage completion method. Use of the percentage completion method requires the company to estimate the cost incurred relative to total expected cost to the satisfaction of performance obligation. This requires estimates to be made of the outcomes of long-term contracts, which require assessments and judgements to be made on changes in work scopes, balance efforts, cost and time to complete the contract including probability of levy for liquidated damages and price reduction for delay to the extent they are probable and they are capable of being reliably measured. Cost and time incurred have been used to measure progress towards completion as there is a direct relationship between input and satisfaction of performance obligation.

Recognition of deferred tax assets– The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Recoverability of advances/receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Defined benefit obligation (DBO)– Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Provisions – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However the actual future outcome may be different from this judgement.

The company has elected to exercise the option permitted under Section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019. Accordingly, the company has recognised provision for income tax for the year ended 31st March 2020 and re-measured the balance of net deferred tax assets, basis the rate prescribed in the aforesaid section and recognised the effect of change in the profit and loss account. The re-measurement has resulted in a write down of the net deferred tax assets pertaining to earlier years by Rs.29.66 Lakhs which has been fully charged to the profit and Loss account.

(ii) Financial instruments measured at amortised cost

For amortised cost instruments, carrying value represents the best estimate of fair value except for long-term financial assets.

(iii) Risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

(A) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

a) Credit risk management**i) Credit risk rating**

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset Group	Basis Of Categorisation	Provision for Expected Credit Loss
Low credit risk	Cash and cash equivalents, other bank balances and other financial assets	12 month expected credit loss and Life time expected credit loss
Moderate credit risk	Trade receivables	Life time expected credit loss
High credit risk	Trade receivables	Life time expected credit loss or fully provided for

In respect of trade receivables, the company recognises a provision for lifetime expected credit loss.

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.
